

STAGE TWO

HIGH STREET UPGRADE

PURPOSE OF UPGRADE

- ♦ Freshen and improve the main arterial through Carterton from Pembroke to Belvedere Streets
- ♦ Improve pavement safety and style
- ♦ Develop more open space for people
- ♦ Provide for gas light development at Broadway / High Street intersection

Pavement Treatment
Artist Impression

KEY FEATURES

- ♦ Pavement treatment along both sides of High Street. Paving to enhance existing mosaic tiles and hanging baskets. Uplights set into pavers for night time effect.
- ♦ Development of resting and communal spaces at Vet Clinic entrance, Post Office and Clock Tower.
- ♦ Allow for development of gas lights at Broadway Intersection.
- ♦ Retention of flower beds where possible along High Street.
- ♦ Provision of street furniture including seating, rubbish bins, planters etc.
